

The background of the page is a watercolor illustration of several avocados. Some are whole, showing their green, bumpy skin, while others are sliced in half, revealing the smooth, light green flesh and the large, brown, oval-shaped pit. The avocados are scattered across the page, with some overlapping the central text box.

Source Healthy Food

Save some money and get fresh food by sourcing direct from local/regional producers.

SOURCE LOCAL FOODS IN YOUR AREA

1. Check out the local farmer's market
2. Visit nearby co-ops
3. Contact regional farmers directly (can you buy wholesale?)

SET GOALS TO

1. Strive to buy as direct from the producer as possible
2. Ask about current and upcoming deals and discounts on bulk/wholesale orders

Search these online directories that serve to connect hungry customers with small scale producers. This list is by no means complete. If you have others to recommend, share on Instagram by using the hashtag **#primaledgehealth**.
